

the elements Series

2013-Set (*White*)

Moderna

Table Lamp, 15"H x 9"D

Floor Lamp, 54"H x 16"D

1-40W Edison Base

The Moderna set has a glossy, durable powder-coat finish, with gooseneck accents in silver. The gooseneck allows both table and floor models to position light where it is needed. Both models have on-line switches. Simple assembly required. Due to handcrafting, no two are alike.
