Perfect in-camera performance

## Perfect in-Camera Performance

Absen's KLCOB V2 utilizes advanced surface light source technology to minimize moiré effects and deliver superior on-camera visuals, making it an ideal choice for environments such as television studios and academic venues.

Clear moiré

Less moiré

# Stay Cool, Enjoy More

Leveraging advanced Micro LED and HBB common cathode technologies, the KLCOB V2 remains cool under pressure, providing a seamless and vibrant visual experience effortlessly.

# Strong Against External Impact

Absen's KLCOB V2 leverages advanced Micro LED technology to deliver comprehensive, 360° all-around protection against external impacts, ensuring robust defense from every angle.

## Easy on the eye

Leveraging Micro LED technology, the KLCOB V2 series offers a refined visual experience with reduced pixelation and homogenized light output, ensuring comfortable viewing over extended periods.

## Easy to Clean & Maintain

The KLCOB V2's front panel is IPX4 rated, allowing for hassle-free cleaning with just a damp cloth, streamlining maintenance while reducing costs.

# More Quality, Less Consumption

Harnessing the synergy of four advanced technologies, the KLCOB V2 series embodies efficiency, slashing energy consumption by 40% without compromising performance—truly exemplifying the 'Absen Green' ethos.

**HBB drive design**  
Precise power supply

**Dynamic Energy Management**  
Dynamically adjust output current

**Standby State**

# Small Pixel Pitch - Infinite Display

The KLCOB V2 series features a cabinet with a versatile 16:9 aspect ratio, seamlessly integrating into displays of 2K to 8K and beyond, for a truly expansive and engaging visual experience.

## Ultra High Definition

Micron-scale self-luminous LED  
Ultra High density display pixels

## 16:9 Aspect Ratio

Pixel to pixel resolution  
Match mainstream video aspect ratio

## 8K Breathtaking Size

4K/8K screen splicing  
Creating an immersive sensory experience

# Lightweight Design

**4.3kg**  
Weight

**39.3mm**  
Thickness

# High Reliability

Equipped with dual backup for both power and signal, the KLCOB features a redundant power input system, guaranteeing a consistent and reliable display performance without any signal interruption.

\*Two power source inputs is optional

# Smooth Data Transmission

Leveraging a single-channel signal transmission with a bandwidth of 5Gbps, the KLCOB V2 effortlessly accommodates ultra-clear 8K and higher resolution display solutions.

conventional P0.7 display VS KLCOB0.7 V2 display

Network cable no.

100pcs 16pcs

Splicing an 8K screen with KLCOB0.7 V2 product requires only 1/6 of the number of network cables required by a conventional P0.7 display, with neater screen alignment and lower failure rate

16pcs 1pcs

Traditional P0.7 products require 16 control boxes to splice an 8K screen, while KLCOB0.7 V2 only requires one main control system

Applicable to KLCOB0.7 V2 products

## Excellent Flatness and Front Maintenance

Absen's KLCOB V2 boasts a sleek inter-panel connector that ensures precise flatness and swift assembly. Coupled with a front-accessible maintenance design and the elimination of a rear casing, this innovation streamlines both installation and upkeep, simplifying the process to its core.

● Inter-panel connectors

● Front maintenance

# Dynamic & Concave for Optimal Visual Display

Using 150×337.5mm small panel for splicing, each supports a maximum internal arc of 3°, with a minimum radius of only 2.87m, creating an immersive visual experience.

# Flexible Splicing for Customization

Supports splicing with standard panels for unlimited size, provides limitless design possibilities.

# Quick and Easy Assembly

The KLCOB V2 offers versatile installation options including stacking, wall-mounting, hanging, and precise 90° splicing, catering to a wide array of environmental requirements with ease.

# Professional service, best experience

## Absen service ability

### Comprehensive support

Enjoy 2-year warranty, 1 year extended warranty, lifetime support, and enjoy 10+ items of professional service solutions to help you solve problems

### Global coverage

500+ Absen certified service providers, 3000+ Absen certified engineers, covering most of the global market, the global service network is continuing to expand vigorously

### Multiple service channels

Providing service via multiple channels such as Hot line, WeChat, WhatsApp, E-mail and official website to quickly take care of service requirements

### 24 / 7 response

24/7/365 available, quick response in 10 seconds

### One-stop service

Enjoy exclusive and professional service in the whole process of pre-sales, sales and after-sales

## Absen service philosophy

### Initiative

Proactive care and return visits,  
regular touring inspection services for customers

### Efficiency

All service channels respond within 10 seconds,  
intelligently match the best local service resources,  
and enjoy a fast service experience

### Standardization

Comprehensive service engineer training system,  
ACE professional training and certification,  
ACP professional certification; establishing customers'  
product files and record the entire service process

### Thoughtfulness

Longer warranty, worry-free quality

### Service channels
