Merritt Wall Sconce

Our modern wall sconce from the Merritt lighting collection features a round, hardback fabric shade plus two crystal ornaments in the center and at the top of the metal frame. When the light is on, these crystals create a beautiful prismatic effect as the light shines through. Blending the perfect combination of function and style, this wall light will look great in any foyer, living room, or bedroom. Buy two to flank a doorway, fireplace, sofa, or bed.
