K181 DJ UE
REFERENCE CLASS DJ HEADPHONES – ULTIMATE EDITION

HIGHLIGHTS
» Bass boost switch
to emphasize low frequencies in loud working conditions
» Detachable coiled cable
gives freedom to move in the DJ booth
» Mono/Stereo switch
for optimum single ear monitoring
» 3D-Axis folding mechanism
for easy transport and storage in your record or laptop bag
» Lightweight construction
enables multiple mixing positions

APPLICATION
» Professional DJ use

ADJUSTABLE SOUND – UNIVERSAL FIT
Developed based on input from professional DJs, the K181 DJ UE provides all the features needed for those who own the crowd at the club. Closed back design and a sturdy 50 mm transducer deliver enough power to withstand even the strongest PA speakers, especially for PFL (pre-fader-listening). Depending on your working conditions the bass boost will help you catch the beat and the coiled cable gives you freedom to move around without having to worry about stepping on the cable. The small packing size makes it the perfect companion for your LP case or laptop bag.
