CAM130
Compact 4K Camera Perfect for Remote Work

Crystal clear video
High-quality sensors and multi-lens glass produce sharp 4K video with brilliant color. Dual fields of view allow you to switch between 90° or 120° FOV for proper room coverage of any workspace.

Professional lighting
Brighten your life with revolutionary & intelligent fill-in lighting. Declutter your desk and eliminate additional bulky light rings or light cubes while allowing for the perfect amount of professional lighting to illuminate your workspace.

Safer meetings with improved AI
Enjoy safe and efficient meetings with improved SmartFrame and people counting. SmartFrame Technology ensures that everyone is visible on the screen, even with masks on.

Compact design
The CAM130 is a quality webcam for professional use. Compact and versatile, it easily mounts on top of a 13-inch monitor, on a tripod, or even upside down to fit a variety of meeting spaces.
