Thin Credenzas
2-Bay single and dual display cabinets

AVTEQ Thin Credenzas are fully customizable and designed specifically for commercial AV use. Standard configurations include two or three bays and storage that supports all your audio visual equipment. AVTEQ's Thin 2-Bay and 3-Bay Credenzas have a narrow profile, providing easier access to touch panel displays.

Each bay provides a sliding 3RU rack to house your audio visual equipment. The credenzas are anchored to the wall and include an integrated display mount that supports a single or dual displays.

Our credenzas are made to order with your choice of standard laminate or veneer finishes or can be customized to match existing furniture.

FEATURES

2-Bay Credenzas
