

RPS-1000 Mobile Cart

For Single or Dual 50-82" Displays

The RPS-1000 brings mobility and flexibility to large format display video conferencing solutions. Maximize your meeting spaces and technology with a mobile cart that lets users adjust the space easily for the audience. The RPS-1000 is a stable and robust mobile cart that supports displays up to 82" plus the technology needed for collaboration.

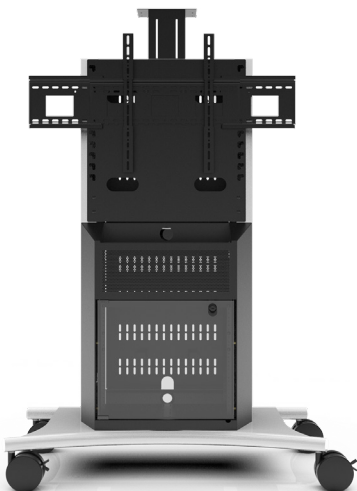

The RPS-1000 comes standard with an adjustable camera shelf, lockable storage with 12"D rack space, easy access to the cabinet from the front or back, and a shelf below the displays for a meeting controller panel, remote, or other devices.
