The BT7885 is a screen mounting solution with an integrated pull-down tray for storing AV equipment behind the screen. Featuring a quick release equipment interface plate which can be separated from the mount, AV equipment can be easily added or removed from the install without needing to remove the screen first. The tray mechanism is tool-less for ease and speed of use, with the option to add a padlock (not included) to help prevent unauthorised access to the equipment. To ensure cables do not get tangled or pinched when the tray is opened and closed, an integrated cable management track moves in unison with the tray. The BT7885 is suitable for wall mounting as well as to B-Tech’s System 2 poles and System X/Mode-AL columns.

**SPECIFICATION**
- **Recommended screen size**: 49”-86”
- **Max screen weight**: 70kg
- **VESA® fixings**: 100 x 100 up to 600 x 400
- **Depth from wall**: 100mm
- **Max storage load**: 8kg
- **Max equipment dimensions**: H:361 W:575 D:60mm
