Electric Rotisserie Grill

# The Unique Electric Rotisserie Grill Experience Set and Forget!

### You Are Invited to Experience the Ultimate Barbecue Taste.

Experience a Brazilian steakhouse as it really is in the comfort of your own home. With the addition of our high-quality, uniquely designed handmade knives from Brazil, this experience is unlike anything else available in the US. Whether you're a fan of barbecue, grilled meats, Brazilian food, or just an outdoor enthusiast, you won't want to miss out. Our products allow you to cook meat, fish, vegetables, and more in a centuries-old Brazilian style BBQ. Welcome to your personal steakhouse.

### No Reservation Is Required

We are on a mission to connect you with authentic Brazilian cooking solutions that will add a little Carnival to your home. Whether you want to entertain your family and friends at home or at the park, we have the grilling solutions engineered to bring them together.

Brazilian Flame lets you enjoy the traditions of a Brazilian steakhouse that go back hundreds of years without ever leaving your house. Nothing like this has ever been available in the US, until now. Fans of barbecue, grilled steaks, Brazilian food, and outdoor enthusiasts, here's your chance to get your hands on the first of its kind in America.

**Hands Free Operation & Temperature Display**

The grill works on its own, and you don't have to "baby sit" the steak. While the grill does the hard work, you can enjoy the party, your friends, and your family. The food never gets dry as long as it is rotating on the skewer. You can set up the timer and see the temperature while you are grilling the food.

**No Charcoal No Toxins The Brazilian Flame Electric**

Grill provides health benefits by eliminating exposure to harmful chemicals and pollutants found in traditional grilling methods, promoting a safer and healthier cooking experience.

**Heating Element & Curved Glass**

A curved, transparent glass door and electronic, individually adjustable burners on the back make it easier to see and control what you're doing while grilling. With this cutting-edge technology, you can enjoy authentic BBQ flavor without the smoke!

**Wooden Multi-Skewers Rotisserie Barbecue**

Other foods besides meat, such as hamburgers, fish, vegetables, shrimp, hot dogs, chicken, fish, and other meats and vegetables, can all be grilled at the same time.

The friendly wood-made handle, sourced from reforested areas, limits heat transfer from the skewer or basket. Safe operation is our priority.

**Plug and Play with Timer**

The analog knob on our portable electric grill not only allows you to turn on the rotisserie with ease, but it also gives you full control over the cooking time with its timer function. This user-friendly feature makes it simple and convenient to cook delicious, evenly-cooked meats every time, whether you're grilling at home or on-the-go.

**Easy-To-Clean & Smoke-Free**

The Brazilian Flame Rotisserie Grill requires only five minutes to clean up. After cleaning the glass and the drip tray, the skewers can be placed in the dishwasher, and your grill is ready for the next time. A modern design and a convenient grease collection tray make this grill quick and easy to clean.
