

General Information

Manufacturer: C2G
Manufacturer Part Number: 00981
Manufacturer Website Address: <http://www.cablestogo.com>
Brand Name: C2G
Product Name: 6in Cat6 Snagless Shielded (STP) Network Patch Cable - Black
Marketing Information: Protect a high speed network from noise and electromagnetic interference when connecting with our Snagless Shielded Cat6 patch cable. For voice/data/video distribution, this cable will handle bandwidth-intensive applications and drastically reduces both impedance and structural return loss (SRL). Each patch cable is fully tested to meet ANSI/TIA 568 C.2 Cat6 component requirements. Each of the individual pairs is bonded together to help maintain the twist-spacing throughout the line right up to the termination point. Constructed from high quality cable and plugs, this design minimizes Near-End Crosstalk (NEXT) levels. Available in a variety of colors to easily color-code a network installation. Individual length label on each cable for ease of use.
Product Type: Network Cable

Technical Information

Cable Type: Category 6
Cable Characteristic: Patch Cable
Cable Length: 6"
Connector Type on First End: RJ-45 Network - Male
Connector on First End Details: 1 x RJ-45 Network - Male
Connector Type on Second End: RJ-45 Network - Male
End:
Connector on Second End Details: 1 x RJ-45 Network - Male
Connector Plating: Nickel
Contact Plating: Gold
Features:

- Molded
- Stranded

Conductor: Copper
Shielding: Yes
Device Supported: Network Device
Boot Type: Snagless

Physical Characteristics

Product Color: Black
Jacket Material: Polyvinyl Chloride (PVC)
Weight (Approximate): 0.05 lb

Miscellaneous

Certifications & Standards:

- UL94V-0

- ANSI/TIA 568 C.2

Country of Origin: China

Warranty

Limited Warranty: Lifetime
