

This VGA to HDMI Adapter Converter is an easy and convenient solution for connecting an HDMI monitor to a VGA computer in your home or your office. This adapter converter carries an analog video signal, supports up to a 1080p resolution and meets the requirements of high performance applications.

Avoid frustration by simply plugging the adapter into your computer, then attach to the existing HDMI cable from your monitor or projector. The added USB power cable is perfect for those times when additional connectivity power is needed. The portable, compact design also makes it easy to carry in a laptop bag when traveling or on the go.

This adapter converter automatically converts the analog VGA signal to HDMI, supporting up to a 1080p resolution at 60Hz.

Features & Benefits

- Adapts a VGA output to HDMI, so no need to purchase a new monitor
- Adapter supports up to a 1080p video resolution, so meeting attendees will be able to see the displayed content for improved comprehension and detailed decision making
- Plug-and-play, so no additional software or drivers needed
- Integrated USB power cable, for when additional connectivity power is needed

Specifications
