

C2G

6in (0.15m) TAA-Compliant F-Series Cat6 Snagless Unshielded (UTP) Network Cable - Black Part No. AVD CG C2G43464

This Cat6 cable meets stringent TAA compliant requirements and is approved for use in United States government projects and facilities. This Snagless Unshielded Cat6 network cable is designed for network adapters, hubs, switches, routers, servers and more. Meets or exceeds all ANSI/TIA-568.2-D Category 6 industry standards for supporting a wide variety of applications, including 1000BASE-T (1 Gigabit Ethernet). Constructed with premium, made in the USA copper cabling with enhanced 600 MhZ maximum frequency for increased performance over standard Cat6 cables. The molded, snagless boot prevents unwanted cable snags during installation and provides extra strain relief. Available in a wide variety of colors to easily color-code your network installation.

Features & Benefits

TAA-compliant				ed with high quality, made in the USA raw consistent, reliable performance				
Snagless RJ45 connector design protects clips from being easily snapped off – great for applications with high insertion cycles		Standard RJ45 connectors and unshielded twisted pair wires						
50-micron gold-plated contacts improve signal integrity		Available in a variety of colors and lengths up to 100ft						
Lifetime warranty
