Utilize those unused corner spaces with the comfort and style of the Stratford electric fireplace. Its space-saving corner design makes this the perfect anchor to the room. The realistic flames will draw you in and, with corner placement, it will naturally make the room seem larger. This transitional unit will give you the cozy ambiance of a traditional fireplace without the smoke or mess. The mantel is 56-inches long, offering plenty of space to display items like picture frames, TV screens up to 50 inches, or other decor. With six side-shelves and one long shelf above the insert, this fireplace can be a practical storage solution for your media components and cables.

The electric insert produces 5,115 BTUs of fan-forced heat that can quickly warm a 210-sq. ft. room. An enchanting flame display dances across the back of the firebox, creating movement that is sure to catch your eye. Embers of light glaze across the logs within, adding highlights throughout the charred display. Fireplace enthusiasts will enjoy the convenience of an electric unit. Its flexible placement allows you to move it from room to room, as needed. It will never produce ash nor soot, and the logs will never need to be replaced. No need to for professional installation; simply plug it in and enjoy!
