HOT WATER DISPENSER

HW 500

Turbo hot water dispenser

Intuitive sensor touch control

State-of-the-art design

The HW 500 Touch Turbo Hot Water Dispenser has an easy-to-use electronic touch control panel. Elegant design for any home.

The CASO turbo hot water dispensers heat the water to the desired temperature within seconds. A waiting time like a kettle is eliminated, so hot water is directly available. This is very convenient, because you save time - less consumption. You heat only as much as needed. The temperatures of the turbo hot water dispenser can be regulated exactly. Even baby food is no longer prepared too hot.
