

UNISTRUT ADAPTER KIT CMA-370

The Unistrut Adapter Kit is designed for installation simplification of any Chief CMA Ceiling Plate to Unistrut. Using standard 1 518" unistrut, you can install the ceiling plate to meet your needs.

WARNING: IMPROPER INSTALLATION MAY RESULT IN SERIOUS

PERSONAL INJURY! All components must be securely fastened to a structural member capable of supporting five times the combined weight of all components plus the equipment being mounted. If it cannot support this weight, the structure **MUST** be reinforced.

Unpack and check contents:

- (4) 3/8" Diameter Channel Nut (w/spring)
- (4) 3/8" X 1" Hex Head Bolt
- (4) 3/8" Flat Washer
- (4) 3/8" Lock Washer
- 1. Using standard unistrut installation procedures, secure the four channel nuts in the channel
- 2. Using four hex head bolts, four flat washers, and four lock washers, secure ceiling plate to unistrut.
