

ConnexSys Video Wall Landscape Mounting System with Rails

Model: LVS1U

Chief's ConnexSys Video Wall Mounting System solves common video wall challenges of speed, alignment, serviceability and rigidity. The ConnexSys Video Wall Mounting System provides the ability to level each row once by using strut channel to connect multiple mounts together with a simple-to-install system that can handle the largest requirements.

- ConnexSys Video Wall Landscape Mounting System with Rails
- Hang units on a single strut channel for quick row leveling
- Reduces installation time - especially for XL and recessed configurations
- Tool-free ClickConnect latching secures displays
- PowerZone provides 6 points of adjustment in one easy-to-access location at the top of the mount
- PowerZone Adjustments
- Tilt adjustment at single pivot point, protects displays from twisting
- Depth can be set between 4" and 7.4" from the wall, providing a range of "home positions" ideal for recessed installations
- Both sides adjust independently, compensating for imperfections in the wall
- RapidDraw Display Release
- UL Listed
- 150 lbs. weight capacity

Product Dimensions: 4"L x 35.5"W x 21.8"H

Product Weight: 42.70 lbs.
