IMPORTANT SAFETY INSTRUCTIONS

WARNING: A WARNING alerts you to the possibility of serious injury or death if you do not follow the instructions.

CAUTION: A CAUTION alerts you to the possibility of damage or destruction of equipment if you do not follow the corresponding instructions.

WARNING: Failure to read, thoroughly understand, and follow all instructions can result in serious personal injury, damage to equipment, or voiding of factory warranty! It is the installer's responsibility to make sure all components are properly assembled and installed using the instructions provided.

WARNING: Failure to provide adequate structural strength for this component can result in serious personal injury or damage to equipment! It is the installer's responsibility to make sure the structure to which this component is attached can support five times the combined weight of all equipment. Reinforce the structure as required before installing the component. The wall to which the mount is being attached may have a maximum drywall thickness of 5/8" (1.6cm) over steel studs.

WARNING: Exceeding the weight capacity can result in serious personal injury or damage to equipment! It is the installer's responsibility to make sure the combined weight of all components does not exceed the maximum weight capacity of the mount being installed. (See mount installation instructions for weight capacity information.) Consult Table 1 for Chief mount models which may use the PAC115/116/117 for installation to two steel studs.

WARNING: Use this mounting system only for its intended use as described in these instructions. Do not use attachments not recommended by the manufacturer.

WARNING: Never operate this mounting system if it is damaged. Return the mounting system to a service center for examination and repair.

WARNING: Do not use this product outdoors.

IMPORTANT ! : The PAC115-116-117 kits may be used to fasten mounts to a 2" x 4"-25ga minimum steel stud wall.

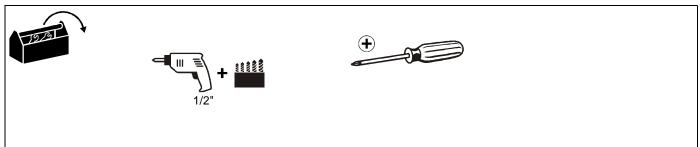

WARNING: USING THIS PRODUCT INCORRECTLY MAY RESULT IN SERIOUS PERSONAL INJURY OR DAMAGE TO EQUIPMENT! Do NOT use the PAC115-116-117 to fasten a mount into only drywall!

TOOLS

PARTS FOR INSTALLATION

INSTALLATION

WARNING: USING THIS PRODUCT INCORRECTLY MAY RESULT IN SERIOUS PERSONAL INJURY OR DAMAGE TO EQUIPMENT! Do NOT use the PAC115-116-117 to fasten a mount into only drywall!

- 1. Drill a 1/2" hole at the desired location.
- 2. Hold metal channel on anchor (A) flat alongside plastic straps and slide channel through hole. (See Figure 1)

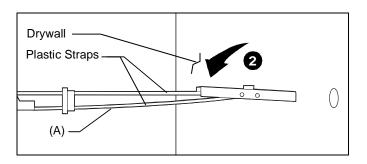

Figure 1

- 3. Holding plastic straps on anchor (A), pull anchor away from wall until channel rests flush behind wall making sure anchor channel is positioned vertically on stud. (See Figure 2)
- 4. Slide plastic cap on anchor (A) towards wall until flange of cap is flush with wall. (See Figure 2)

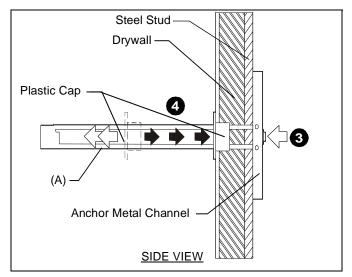

Figure 2

- Snap off plastic straps on anchor at wall by pushing side to side, snapping off straps level with flange of plastic cap. (See Figure 3)
- 6. Repeat Steps 1 through 5 for each mounting hole.

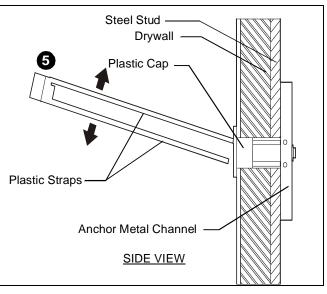

Figure 3

7. Place mount over anchors and align mounting holes in display mount with holes in anchors. (See Figure 4)

WARNING: IMPROPER INSTALLATION CAN LEAD TO EQUIPMENT FALLING CAUSING SERIOUS PERSONAL INJURY OR DAMAGE TO EQUIPMENT! Overtightening of mounting hardware can damage the steel studs. DO NOT overtighten mounting hardware!

- Insert 1/4-20 x 1-3/4" Phillips pan head screw (B) through 1/4" washer (C), corresponding mounting hole on mount and into anchor (A) and tighten until flush against mount. DO NOT overtighten! (See Figure 4)
- 9. Repeat Steps 7 and 8 for remaining mounting holes.
