

CHRISTIE SECURE SERIES II LCD PANELS

4K UHD LCD panels for secure operations

The Christie® Secure Series is a line of specialized LCD panels for high-security environments. Available in a range of sizes, these displays are perfect for meeting rooms, lobbies, digital signage and more.

The Secure Series comprises a range of TAA-compliant, non-RF LCD panels with no integrated hard drive designed specifically for secure-facility applications typically found in government, corporate and military environments. The Secure Series includes professional features such as OPS slot, UHD resolution, and USB playback in a secure, reliable and affordable package.

- › Available sizes: 55", 65", 75", 86" and 98"
- › Non-RF for increased security
- › TAA-compliant
- › Crestron Connected for seamless integration onto a Crestron network
- › 4K UHD resolution and direct-lit LED for impeccable image quality
- › OPS slot for increased flexibility and integration ease
- › Brightness of 450 nits or more
- › Multi-source viewing capability
- › DICOM simulation
- › Backed by Christie support, service and 3 years parts and labor limited warranties
