The Comprehensive Specialist Series™ Cables are a new middle tier series of commercial cables designed for the professional AV/IT Tech Specialist. Consisting of all the most-popular cable types and latest technologies including HDMI, DisplayPort and USB, Specialist Series™ cables were designed specifically to meet the demands of AV and IT at Universities, Colleges, K12, SMB and other commercial environments.

Specialist Series™ cables are up to 2X more durable than standard cables on average and use superior components including tinned copper and aluminum shielding, a specially formulated PVC jacket, enhanced strain relief and a durable machined aluminum connector head and more for peak performance and to ensure that your AV/IT set up is always up and running. The perfect blend of performance, reliability, and value for every AV/IT need.
