

CBT-100 Bluetooth® Easy Connect Meat Thermometer

Monitor your meat conveniently from anywhere!

The thermometer can be accessed through the Cuisinart mobile app, where you can find set your desired temperature and monitor your cook

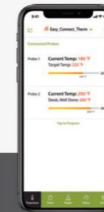

Kickstand can be used to prop up the thermometer, or can double as a hanger to hang the thermometer from a wall or grill

Two stainless steel meat probes give accurate and through readings

Built in cord management system is designed to tuck the probe and cords away
