**Lifetime
Warranty**

ALL-PURPOSE 3-SLOT SHARPENING STATION

BLADE HONING, REVITALIZATION, AND RESTORATION – ALL IN ONE

FINE SLOT: Built-in alumina ceramics for honing your blade's edge

MEDIUM SLOT: Forged with WC-Co hard alloy to revitalize sharpness

COARSE SLOT: Infused with diamond powder to restore edge

Flip cover shields hands from blades

Sturdy, foldable handle for firm grip

Silicone-secured base holds sharpener in place

Compact for easy storage

Easy to Use

1. Place sharpener on counter with handle extended – silicone base prevents unit from slipping.
2. Lift cover to expose 3 sharpening slots.
3. Grip the handle firmly and press down.
4. Place wide end (heel) of the knife blade into the appropriate slot.
5. Using even pressure, pull the knife backward through slot, from heel to tip, in one smooth motion. Repeat as needed.
6. Carefully wipe blade clean with a soft cloth or paper towel.

Use and Care

Hand-wash for best results. Close cover and fold in handle for safe, compact storage.
