Cuisinart[®] 3.4-Quart Deep Fryer

Designed to create delicious family meals and perfect batches of everything from fries to donuts, the Cuisinart[®] 3.4-Qt. Deep Fryer makes frying at home effortless and easy. With a powerful heating element that offers uniform high heat throughout cooking, it perfectly fries potatoes, onion rings, seafood, chicken, tempura – even donuts. Its 3.4-quart medium capacity can cook up to 1.7 pounds of food, making it the ideal fryer for a favorite family meal or crunchy golden appetizers. The control panel makes operation simple, and it offers precise timing and temperature control. Basket, lid and oil container are dishwasher safe for easy cleanup.
