Cuisinart[®] Food Dehydrator

The Cuisinart[®] Food Dehydrator makes it easy to create nutritious, delicious, dried snacks like meat jerky, fruit roll-ups, and veggie chips. It preserves foods naturally, without additives or preservatives. A powerful 620-watt motorized fan has a top vent that allows heat to circulate evenly and efficiently, for faster drying and excellent results. An adjustable thermostat allows for different temperatures, depending on the type of food that's being dried. With ample space to accommodate large quantities of food, the dehydrator has five interlocking trays that stack on top of one another for easy placement. The options for this appliance are endless, including dried herbs, dried fish, potato crisps, yogurt, dog treats – even dried flowers for potpourri! Helps save money and prevents food waste.

- Dries a wide variety of foods including meats, herbs, fruits, vegetables and more
- Preserves foods naturally, with no additives or preservatives
- Adjustable temperature control: Fan Only, Low, Medium and High
- Powerful 620-watt motorized fan with top vent for fast, even drying
