

GRILL CLEANING & SANITIZING CENTER

Clean with the Power of Steam

The GRILL DOZER™ Steam Cleaning Grill Brush is revolutionizing how grill enthusiasts clean their grill. This innovative grilling tool cleans and sanitizes your grill with the power of STEAM.

The spray system releases a fine mist that quickly turns to steam upon contact with your warm grill – penetrating the caked-on mess your food left behind. The powerful 3-sided brush is perfect for heavy-duty cleaning, or turn the brush sideways to attack those hard-to-reach areas between and under the grill grates.
