

Features

- Stores up to 38 bottles of wine in two distinct, separately regulated temperature zones for red and white wine storage
- Depending on your preference the upper and lower temperature zones can be set for either white wine or red wine temperatures
- Programmable temperature range of 4°C - 18°C (39.2°F - 64.4°F)
- Two white LED interior lights beautifully showcase the wine without the heat of an incandescent bulb
- The white LED thermostat is easily viewed through the door
- New stainless steel towel bar style door handle adds a stylish touch
- Stainless steel trimmed black wood shelves match the stainless steel exterior
- Convenient reversible door swing for left or right hand opening
- The tempered dotted glass helps to protect the wine from harmful UV rays
