ZENMUSE H30 SERIES

Unparalleled Vision, Day or Night

The all-weather, multi-sensor flagship Zenmuse H30 Series integrates five major modules—a wide-angle camera, a zoom camera, an infrared thermal camera, a laser range finder, and an NIR auxiliary light. Employing cutting-edge intelligent algorithms, it revolutionizes perception and imaging standards, transcending the limitations of day and night vision. This makes it effortlessly suitable for a variety of operations including public safety, energy inspection, water conservation, and forestry.

Further and Clearer Vision

- Up to 34× Optical Zoom and 400× Digital Zoom
- More Stable Telephoto Imagery
- Max 3000m Laser Range Finder

Enhanced Night Vision

- Supports Full-Color Night Vision
- Supports Black and White Night Vision and NIR Illumination

More Powerful Infrared Performance

- 1280×1024 Resolution
- High-Res Mode for Precise Observation
- Simultaneous Zoom for Visual and IR Cameras
- Temperature Measurement Range from -20° to 1600° C (-4° to 2912° F) ^[1]

More Reliable Information Sync and Retention

- Supports Pre-Recording
- Media and Transmission Encryption with One-click Log Clearance
- Information Sync on the Cloud for Air and Ground-Based Collaborative Operation

Smarter Multi-Scenario Operations

- Smart Capture for Improved Imaging
- Electronic Dehazing

Superior Environmental Adaptability

- IP54 Ingress Protection
- -20° to 50° C (-4° to 122° F) Operating Temperature

* All listed data was measured in a controlled laboratory environment. Actual experience may vary. For more details, refer to the product page on the official DJI website.

1. Requires additional purchase of accessories.
