1. Available for Mavic 3E only.

2. DO NOT expose the thermal camera lenses to strong sources of energy such as the sun, lava, or a laser beam. Otherwise, the camera sensor may be burned leading to permanent damage.

3. Measured at 32.4 km/h uniform speed at sea level in a windless environment. For reference only. Please pay attention to the DJI Pilot 2 App for return flight tips when actually flying.

4. Accessories sold separately.
