

Management Software

Administrative management of the KVM is accomplished through the Administration and Security Management 1.2 utility. This is a free download (see the Support Tab at the top of this page) which provides management of user credentials, CAC device management, logs, EDID locking and restoring factory defaults. The Admin and Security Management 1.2 utility is available for Windows only. For managing MAC computers connected to the KVM, settings must be applied through a Windows PC.

Secure KVM Switch, 4-Port, Dual Monitor, DisplayPort to DisplayPort, 4K, NIAP PP3.0 Certified, Audio, TAA

MODEL NUMBER: B002-DP2A4

NIAP-certified KVM switch lets you switch between 4 computers with government- and military-level security and data protection.

Features

4-Port KVM Switch, DisplayPort, Is Ideal for Applications That Demand Secure NetworksThis DisplayPort KVM switch with 4K is recommended for any government, military, financial or healthcare environment where tight security of sensitive data is of utmost importance in a world of constantly changing cyberthreats. Each KVM port is an electronically isolated channel, making it impossible for data to be transferred between connected computers through the KVM. The dual-monitor DisplayPort KVM switch supports crystal-clear UHD video resolutions up to 3840 x 2160 (4K x 2K) at 30 Hz.

NIAP PP3.0 Certified to Meet Today's Top Information Assurance StandardsThis KVM switch is certified by NIAP (National Information Assurance Partnership), which is operated by the National Security Agency (NSA), to the latest Common Criteria Protection Profile for Peripheral Sharing Switches Version 3.0. Discrete processing paths to each connected system prevent data leakage, transfer and crosstalk between adjacent ports. Peripheral isolation enables data to flow from device to host only.

Top-of-the-Line Security Features Keep Your Data SafeSpecial protection prevents re-programming or re-reading firmware, so the switch's KVM logic remains unaltered. The keyboard buffer clears automatically after data transmission, ensuring no information is left stored. Plus, you can only access connected computers via buttons on the switch's panel. Other port-switching methods, such as On-Screen Display (OSD) and Hotkey Commands, have been excluded to further ensure data integrity.

Anti-Tampering Protection Prevents Physical BreechesIf the housing is opened, internal anti-tamper switches will disable the unit, causing it to become inoperable and the front-panel LEDs to flash repeatedly. Seals on the enclosure will provide visual evidence of tampering.

Highlights

- Safely and securely switches between 4 isolated computers with different security levels
- Certified to NIAP/Common Criteria Protection Profile for Peripheral Sharing Switches V3.0
- Supports UHD resolutions up to 3840 x 2160 (@ 30 Hz) for crystal-clear 4K x 2K video
- Dual-monitor support enables multitasking and generates increased productivity
- Complies with Federal Trade Agreements Act (TAA) for GSA Schedule purchases

Applications

- Control up to 4 computers with different security levels from a single monitor/keyboard/mouse
- Protect private information, such as medical or military intelligence data, from cyberattacks

System Requirements

- DisplayPort monitors
- Wired USB mouse/keyboard with no internal hub or composite device functions (wireless mouse/keyboard not supported)
- Computer with DisplayPorts and USB port
- Computer and speakers with 3.5 mm stereo audio port (optional)
- Windows, Mac, Linux or any other major operating system

Package Includes

- B002-DP2A4 Secure 4-Port NIAP PP3.0-Certified DisplayPort KVM Switch
- External power supply w/NEMA 1-15P plug & 5-ft. (1.52 m) cord (Input: 100-240V, 50/60 Hz, 0.8A; Output: 12V 2A)
- Owner's manual

Maintains Constant Keyboard and Mouse Emulation for Smooth No-Delay SwitchingFull USB device filtering ensures support for keyboard and mouse only. This KVM switch also supports secure video emulation and EDID learning, which prevents unwanted data from transmitting through the DDC lines. Both keyboard/mouse and video emulation controllers restrict discovery of newly connected peripherals or monitors during switching operations, shielding your computers from potential vulnerabilities.

Accessory Cable Kits - P783-006-DP & P783-010-DP (Not Included) Designed specifically for the B002-DP2A4 NIAP KVM, these KVM cable kits help cut down on unnecessary clutter and save you money by combining all cables into one convenient kit. These cables are compatible with HDCP 2.2 and DisplayPort 1.2 standards while also supporting USB 2.0 data transfer speeds up to 480 Mbps.

TAA-Compliant for GSA Schedule PurchasesThe B002-DP2A4 is compliant with the Federal Trade Agreements Act (TAA), which makes it eligible for GSA (General Services Administration) Schedule and other federal procurement contracts.

Specifications

| OVERVIEW | | |
|---|--|--|
| UPC Code | 037332221810 | |
| Technology | DisplayPort | |
| VIDEO | | |
| Max Supported Video Resolution | 3840 x 2160 @ 30Hz | |
| Max Supported Color Depth | 36-bit Deep Color | |
| Chroma Sub Sampling | 4:4:4 | |
| INPUT | | |
| AC Power Adapter Plug(s) | NEMA 1-15P North America | |
| AC Power Adapter Input Specs (V / Hz / A) | 100-240V / 50/60Hz / 1.3A | |
| AC Power Adapter Output Specs (V / A) | 12V / 3A | |
| AC Power Adapter Cord Length (ft.) | 5 | |
| AC Power Adapter Cord Length (m) | 1.5 | |
| Voltage Compatibility (VAC) | 100; 110; 125; 127; 200; 208; 220; 230; 240 | |
| Input Frequency | 50/60Hz | |
| Redundancy - Dual Power Inputs | No | |
| Bus Powered | No | |
