The Elo Touch Solutions 2201L is a flexible, space-saving, HD wide-aspect ratio 22" LCD touchmonitor well-suited to meet durability and aesthetic requirements for front-of-store, back office, kiosk and even out-of-store applications. The Elo 2201L offers real versatility for a variety of retail and hospitality interactive solutions including:

- Promotion of cross-channel, online sales in the store (shoppers purchase items online in the store for home delivery or shop for sold out or unavailable merchandise in additional store locations)
- Hostess stations that require large screens to view restaurant layouts/seating charts
- Back office solutions integrating labor management and inventory analysis
- Customer assist and self-service solutions (theaters, hotels, auto dealerships)
- Shelf-level/countertop interactive digital signage displays
- HD video capabilities for interactive lifestyle marketing in larger retail/lifestyle stores

2201L 22" Desktop Touchmonitor

Available with iTouch zero-bezel, IntelliTouch Plus multi-touch surface acoustic wave (SAW) touchscreen technology, and zero-bezel projected capacitive (PCAP) multi-touch, the 2201L is compatible with Windows 7 and 8, and provides stable, “drift-free” operation with excellent image clarity, resolution, and light transmission—for an accurate touch response and vivid images. The 2201L is distinctive by incorporating state-of-the-art LED backlights that reduce the energy consumption of the higher energy consumption of CCFL backlights often used by other touchmonitors.

Wide-aspect displays like the Elo Touch Solutions 2201L are easier to use and incorporate into the workplace than traditional desktop touchmonitors. Wide-screen format displays allow extra content on the screen and are quickly becoming preferred in corporate environments for publishing and dual window applications, and are popular in public venue environments due to a high-definition cinematic-like experience.

Features

- touchscreen technologies: iTouch zero-bezel, IntelliTouch Plus multi-touch or zero-bezel PCAP multi-touch
- High definition LCD display offers ultimate HD interactivity, clarity and resolution
- USB touch controller, DVI, VGA and built-in speakers for a rich audio experience
- Removable base and mounting features, including a VESA mount as well as wall- and arm-mounting options for installation flexibility
- Ruggedized for use in high-traffic environments
- Optional peripherals include field-installable 3 stripe MSR and web camera

Applications

- Point-of-information
- Hostess stations
- Self-service
- Countertop interactive digital signage

About Elo

Elo founders pioneered the touch screen over 40 years ago. Today, Elo Touch Solutions is a leading global supplier of touch-enabled technology, products and industry solutions. The Elo portfolio encompasses the broadest selection of OEM touchscreen components, touchmonitors, and all-in-one touchcomputers for the demanding requirements of diverse markets, including gaming machines, hospitality systems, industrial automation, interactive kiosks, healthcare, office equipment, point of sale terminals, retail displays, and transportation applications. The Elo touch experience has consistently stood for quality, reliability and innovation with over 20 million installations worldwide.
**2201L 22" Desktop Touchmonitor Specifications**
