

To get started

All you need is your Emerson Quiet kool® Smart Air Conditioner, wireless network and your smartphone or tablet. It's easy!

1

Make sure your Smart Air Conditioner is properly installed and connected to the correct power source, following the instructions supplied in the Use and Care Guide.

2

*Scan the QR code to download the App or download "Smart Lite-Smart Home" from the App store or Google Play, and install it on your smart phone or tablet.

3

Activate the App. Scan the activation QR code or input "EQK" activation code words with your App when prompted, then register or login to your Emerson Quiet Kool® account.

4

Follow prompts to add a device, select the home router and complete the set up in the App. You can now control your air condition using the app.
