Engaging Audio at an Amazing Value.

Upgrade your audio and engage the entire classroom with this affordable, 30-watt speaker set. The ELPSP02 includes two portable speakers, which enable every student to hear each lesson with amazing clarity. Featuring a built-in amplifier, this convenient set offers all you need for amazing audio. There's no need to purchase or install a separate amplifier. Keep your students focused and enhance the learning experience in your classroom with rich, powerful sound.

**Upgrade your audio** — two portable speakers (one with a built-in amplifier) provide 30 watts of powerful sound

**Versatile and easy to use** — mount on the wall with included wall mount brackets or place on a desk; speakers can be used with any projector

**Audio control at your fingertips** — control the volume, treble and bass

**Energy and cost-saving features** — speakers automatically go into standby mode when no signal is present, then power back on when an audio signal is detected

**Flexible connectivity** — supports two inputs and an extra output for use with multiple devices
