

PowerLite® Pilot™ 3 Connection and Control Box

Accessories

AV Control Box

Projector A/V control box for optimized connectivity in the classroom.

Centralized A/V control box — manage your Epson® short-throw or ultra short-throw projector (power, A/V Mute, volume, sources); no remote control needed

Easy operation — large, individual source buttons intuitively match Epson projector inputs

Consolidated cable management — convenient wall placement helps avoid potential trip hazards

Optimized for connectivity — 3x HDMI® control buttons to select the source from connected high-definition A/V devices; connect and charge an MHL-enabled device via the MHL®/HDMI port¹

Split Screen support² — connect two devices and use your projector to simultaneously project two images (video or still) side by side

Increased flexibility — use as an extension box to expand the range of your cables

Remote volume adjustment — easily control projector audio from the front of the room via the volume dial and audio mute button

Simple installation — quickly and easily attaches to the wall

Sleek design — protective cable cover and pen/iPhone® holder included
