

FRASER HILL FARM®

Let It Snow Series 29" Musical Snow-Family

When Mother Nature fails to deliver that picture-perfect snowfall you wish for every year, create your own snowy scene with Fraser Hill Farm. Our Let it Snow series produces flurries of faux snow that trickle over a bright winter scene.

This delightful snowman family will become a family favorite in no time. A flurry of polyfoam beads are blown out of the lamp post and collected in the bottom of the base to continuously cycle through, creating a never-ending snowfall.

Built-in speakers are hidden in the base and play 25 popular holiday tunes. Enjoy lights and snow function with or without music. With easy assembly and a flip of a switch, you can play Mother Nature by creating your own winter wonderland in the comfort of your home.
