

75" Musical Christmas Tree in Black with Snow Function

When Mother Nature fails to deliver that picture-perfect snowfall you wish for every year, create your own snowy scene with Fraser Hill Farm. This 75-inch Christmas Tree, from the *Let It Snow* series, will create the perfect centerpiece to place gifts around. Not only does this black and silver tree come pre-strung with white LED lights, a finial tree topper, and light assortment of tree ornaments (saving plenty of room for your own), but it also produces a flurry of self-containing, faux-snow that trickles down each branch and creates a beautiful snowy scene.

Built-in speakers are hidden within the base and are set to play 25 popular holiday tunes such as "Jingle Bells", "Up On The Housetop", "We Wish You A Merry Christmas", and many more. With easy assembly and a flip of a switch you can play Mother Nature by creating your own winter wonderland on-demand, right in the comfort of your home.
