

# HamiltonBuhl® PowerPost™ Mobile Charging Tower

Multi-Device Power Solution with 8 AC Outlets,  
4 USB-A Ports and 4 USB-C Ports

CTB16

The HamiltonBuhl® PowerPost™ Mobile Charging Tower delivers convenient and versatile power for your classroom. Students, visitors or employees no longer have to search for or share power outlets.

PowerPost™ instantly provides access up to eight 3-prong AC outlets and four USB-A outlets and four USB-C outlets to multiple users in a group seating, classroom, lobby, lounge area or cafeteria.

The durable steel frame includes a cord winder for 20' power cable with a three-prong plug. Four lockable wheel casters roll smoothly to move the tower where you need it most.

## Features:

- Increase your classroom or office power options with 8 3-prong AC outlets and 8 USB outlets (4 USB-A and 4 USB-C)
- Ideal for providing power to laptops, Chromebook, tablets, or smart phones.
- Mobile with a 20' cord to relocate where you need power
- Casters lock to stay put where you need it
- Easy access with 2 USB outlets and 2 AC outlets located on each side
- Cord winder for better cord management; easy storage
