

Smart-Trek™ Mini Series

Mid-Sized Headphones and Headsets with In-Line Volume Control

STM1BK & STM2BK

The "Mini" Series is based on the same design as the Smart-Trek™ Deluxe Series, only in a smaller, sleeker mid-size unit.

Durable and reliable, Smart-Trek™ midsize headsets and headphones are versatile – compatible with a wide variety of technologies. Designed to stand up to the K-12 environment, Smart-Trek™ Mini's are built to last.

Smart-Trek™ Mini's are rugged, yet comfortable; teachers can count on these headsets to function for years, and students can comfortably wear them for an extended period of time. An adjustable headband snaps easily into place to fit students of all ages.

The ear cups on both units feature high-quality leatherette ear cushions that are easy to clean and provide excellent noise-isolation.
