The Galaxy Econo-Line offers economical solutions for listening in the classroom or remotely for groups of five!

This Kit Includes:
(5) SC-7V Deluxe-sized Headphones
(1) MPC-3030 Media Player/Boombox
(1) JBPSF Galaxy™ Jackbox

HamiltonBuhl® SC-7V deluxe headphones with volume control are the perfect companion to today’s ever-growing technology – ideal for Apple® and Android devices, tablets, computers, MP3 players and more. The noise-isolating, closed-back design provides a superior learning environment for students, whether studying remotely or in class, and makes this model ideal for testing. The deluxe ear cushions provide added comfort, ideal for long work and study sessions. SC-7V headphones feature our exclusive Dura-Cord™ – the chew, kink and knot-resistant, PVC-jacketed, braided cord – specially-designed to be more durable and more reliable than ever!

The MPC-3030 Top-Loading CD Player/Boombox with AM/FM Radio offers superb functionality and heavy-duty design in a sleek style that will be hard to match for classroom use. Easy to use; easy portability! The clear LED display and pushbutton design provide greater ease-of-use when working in any busy environment.

The Galaxy™ 5-Way Portable Jackbox makes it effortless to connect up to five people to an audio source. Simply connect to a media player with a 3.5mm jack – CD, DVD, MP3, Tablet or iPad – and you have a 5-person listening center . . . quickly and easily!
