

The Fireside Collection

Fireplace Inserts

Do you have a built-in fireplace but avoid using it due to the mess and maintenance of a real fire? Make the most of that space with an electric fireplace insert from Hanover. Simply place the insert inside the fireplace and plug it into a standard electrical outlet nearby. This insert provides the comfort and appeal of a real fire, without the mess and stress that goes along with it. It quickly heats up a 210 sq. ft. room and can be set to a flame-only mode when additional heat in your home isn't needed, making it perfect for use throughout the year!

Features

- Flat panel offered in 23", 25", and 28" sizes
- Curved panel offered in 25" size
- Freestanding design, perfect for filling vacant fireplaces
- Heats rooms up to 210 sq. ft.
- Automatic thermal safety switch
- Adjustable brightness
- Remote included
- CSA certified

Curved panel option on 25-in. model
