

HANOVER®

Electric Halogen Infrared Heat Lamp *with Stand*

When choosing an outdoor heating system or garage heater, consider Hanover's line of electric infrared heaters. Hanover's halogen infrared heat lamp features a sturdy metal stand with a weighted base designed for use on your deck, patio, porch, balcony, and more. Extend the use of your outdoor living space with a Hanover halogen infrared stand heater.

Similar to sunshine, infrared heat is a radiant heat that warms a person or an object directly, rather than heating the air in-between. Infrared heat can be felt instantly as soon as you turn it on – no waiting for it to “warm up”.

HEATER FEATURES

- *Stand heat lamp with weighted metal base*
- *Downward heat direction warms up to 56 sq. ft.*
- *Ideal for deck, patio, porch or balcony*
- *Premium halogen lamp technology*
- *Instant heat with no warm-up time*
