

## 8' x 6' Walk-In Hobby Greenhouse

Extend the growing season for your flowers, plants, and vegetables with the Planter Bed Greenhouse by Hanover. Perfect for a first-time or seasoned home gardener, the hinged door with low-level entrance and pitched roof allow easy walk-in access.

Stronger and lighter than glass, the opaque polycarbonate panels block harmful UV rays to enhance plant growth and discourage plant burn. The sidewall window and rooftop vent provide effortless ventilation to moderate the temperature and maximize growing conditions. The sturdy galvanized steel base and durable aluminum frame are resistant to rust and corrosion, while the apex roof design allows efficient water and snow runoff.

Enjoy growing herbs, tomatoes, and salad greens protected from the weather outside in your new walk-in greenhouse by Hanover.
