

INDOOR/OUTDOOR RUGS

Expand your interior style outdoors with this indoor/outdoor rug from Hanover. Thoughtfully designed for both indoor and outdoor use, Hanover rugs are sure to add color, style, and personality to your living space - no matter the location. The low-pile height is perfect for high-traffic locations and the plush, polypropylene yarns have a true indoor feel while incorporating incredible durability for outdoor use.

Most outdoor rugs are simply sprayed with a UV protective top-coat to combat fading in the sun, but Hanover rugs are machine spun with UV-protected yarns that offer an industry-leading 5,000 hours of UV protection – more than double the lifespan of others. These rugs are also designed without backing, meaning there's no latex to collect water build-up or melt away on your patio or deck floor. Hanover rugs are available in a variety of shapes and sizes to accommodate large and small spaces. Complete the look with a patio furniture set from Hanover and enjoy the curb envy as you relax in your furnished outdoor retreat.

- Versatile indoor/outdoor rug offers flexible placement options for any location
- 5,000-hour UV protection, twice as long as the high-end industry standard
- Premium quality and craftsmanship. Power-loomed for precision and quality
- Backless design is antimicrobial and latex-free. Nothing to melt onto your patio or retain water
- Available in 6 size options to fit large and small spaces
- Thoughtfully designed with non-shedding yarns so it's easy to clean, durable, and long-lasting
- Made in Turkey
