

Sit or Stand Height-Adjustable Electric Desk

The Hanover Electric Gaming Desk with adjustable heights and remote control RGB lights is the ultimate power station. Featuring a single-stroke motor, it can lift and lower up to 110 pounds of pro gaming peripherals in an easy-to-use heavy-duty design. The 47-inch wide tabletop offers ample space along with the included controller stand and a discrete headphone hook that coordinates perfectly with the sleek design of the desk and keeps it organized. The stand-out feature is the powerful RGB lighting system housed in a futuristic polygonal design flanking each side of the workstation. The included remote control comes with 16 preset light formulas and 8 different dynamic light modes. Show your competition you mean business with this ultimate electric gaming desk and give yourself the boost you need to push through to the next level.
