

The **Monaco** Collection

Rock into relaxation with the Monaco collection from Hanover. Create a cozy area for two with the 3-piece set, which includes two rockers and an 18-in. side table, or chose a single rocker to add seating to your existing Monaco collection. The rockers are made using durable aluminum frames coated with a protective bronze finish and comfortable and supportive sling fabric. The premium sling fabric is breathable, quick to dry and resists accidental stains and UV harm. The perfectly coordinated side table is made with the same bronze-coated aluminum and an ornate cast-top that prevents excess water build up on the table's surface. Perfect for areas with limited space, rely on Hanover to provide the most stylish outdoor furnishings under the sun.
