

The **Summerland** Collection

Spend more time outdoors with the **Summerland Dining Collection** from Hanover. This tropical collection will instantly transform your patio into a charming dining space worthy of a 5-star resort. The chairs are subtle and chic with rich, durable rattan and handwoven resin accents wrapped around rust proof aluminum frames. Each chair is topped with thick, foam cushions and an accent pillow for extra comfort and style.

Summerland tables are made out of rustproof aluminum as well, however, from a distance you'd think they were made out of wood. This is due to the faux-wood finish applied to the frames along with embossed details that truly trick the eye. With weather-resistant materials and this detailed finish, you'll get the best of both worlds with the Summerland Collection.
