

HFOCESWK6

COMPACT PORTABLE AC

COOLING CAPACITY:
10,000 BTU (ASHRAE) | 6,500 BTU¹ (SACC)
For room up to 350 - 450 Sq. Ft.

Ideal for smaller spaces up to 350-450 ft, the HFOCESWK6 comes with everything needed including a drain pan, window insulation tape and a filter clean alert so you can keep up with maintenance for maximum cooling performance.

QUIET OPERATION

One of the quietest Portable Air Conditioners in its class, the Compact series creates between 51 to 52 dbA of sound (depending on the BTU and fan speed).

Product Dimensions (in): 16.3 (W) 13.6 (D) 28 (H)
Net Weight: 62.8 lbs

ENERGY SAVING SLEEP MODE

Save energy when you are least active

AUTOMATIC WIND MOTION

Distributes powerful cool air evenly for fast & consistent cooling

WASHABLE DUAL FILTRATION SYSTEM

Helps filter unwanted dust, protects & extends the life of the AC

MORE FEATURES

3-in-1 **3-IN-1 APPLIANCE**
Cooling, Dehumidification, Fan

 **POWERFUL AIR FLOW**
410 m³/hr (241 CFM)*

 **ADJUSTABLE TEMPERATURE**
60°F to 90°F

 **ENERGY EFFICIENT PORTABLE COOLING**
Cool only the room you need

 **LOW SOUND LEVEL**
52 dbA (Max)

 **SET IT & FORGET IT**
24 hour energy saving timer

 **STAY DRY, DEHUMIDIFY**
62 pints/day*

 **CONVENIENT DIGITAL CONTROL**
LED Control Panel & Full Function LCD Display Remote Control

 **R410A**
High Efficiency Compressor

¹ In October 2017, the Department of Energy implemented a new test procedure which takes different factors into account and generates a lower BTU rating of portable air conditioners to indicate capacity. However, the actual capacity has not changed - the difference is simply due to the different test procedure. There have been no internal changes to these units, and the functionality remains the same. Please refer to room size guidelines to find the portable air conditioner that best meets your needs. Please also refer to the Aham website. The product is tested based on ANSI/ASHRAE Standard 128-2001 and U.S. Department of Energy Standard 10 CFR Pt.430.Subpt.B.App.CC. El.

* All specifications mentioned are under test conditions, actual performance depends on ambient conditions. Specifications may vary in different countries and subject to change without prior notice.
