

HF2CESVWK8

SMART-WI-FI PORTABLE AC

COOLING CAPACITY:
13,000 BTU (ASHRAE) | 8,000 BTU¹ (SACC)
For room up to 625 Sq. Ft.

Download the **Honeywell Air Comfort app**

Wi-Fi enabled and compatible with Amazon Alexa voice commands, this Smart Portable AC can be controlled from almost anywhere. Use voice commands to power on, change temperature and fan speed settings without moving away from your busy routine. What else? The Smart Digital Thermostat automatically activates the AC based on pre-set room conditions, a 24-hour timer with daily/weekly scheduling function can be pre-set using the Honeywell Air Comfort App, for added convenience and energy savings. HF2CESVWK8 comes with everything needed including a drain pan, window insulation tape and a filter clean alert so you can keep up with maintenance for maximum cooling performance.

QUIET OPERATION

One of the quietest portable air conditioners in its class, the compact series creates between 51 to 52 dbA (depending on the BTU and fan speed).

Product Dimensions (in): 16.3 (W) X 13.6 (D) X 28.0 (H)
Net Weight: 67.2 lbs (30.5kg)

WASHABLE DUAL FILTRATION SYSTEM

Helps filter unwanted dust, protects & extends the life of the AC

AUTOMATIC WIND MOTION

Distributes powerful cool air evenly for fast & consistent cooling

SMART WI-FI-ENABLED

Control from Almost Anywhere

MORE FEATURES

AUTO-EVAPORATION

No Bucket to Drain
(Except in high humidity conditions)

QUIET OPERATION

52 dBA (Max)

ADJUSTABLE TEMPERATURE

61°F to 89°F

ENERGY EFFICIENT PORTABLE COOLING

Cool Only the Room You Need

WASHABLE DUST FILTER

Clean Easily Under a Faucet

VOICE CONTROL

Works with Amazon Alexa^A
& Google Assistant^A

STAY DRY, DEHUMIDIFY

61 pints/day*

ADJUSTABLE WINDOW KIT

With Window Insulation Kit

NO PERMANENT INSTALLATION

Save Time, Save Heavy Lifting

¹ In October 2017, the Department of Energy implemented a new test procedure which takes different factors into account and generates a lower BTU rating of portable air conditioners to indicate capacity. However, the actual capacity has not changed - the difference is simply due to the different test procedure. There have been no internal changes to these units, and the functionality remains the same. Please refer to room size guidelines to find the portable air conditioner that best meets your needs. Please also refer to the Aham website.

The product is tested based on ANSI/ASHRAE Standard 128-2001 and U.S. Department of Energy Standard 10 CFR Pt.430.Subpt.B App.CC. EL

All specifications mentioned are under test conditions, actual performance depends on ambient conditions. Specifications may vary in different countries and subject to change without prior notice.
