

HF8CESVWK5

SMART-WI-FI PORTABLE AC

COOLING CAPACITY:
8,000 BTU (ASHRAE) | 5,500 BTU¹ (SACC)
For room up to 250 - 350 Sq. Ft.

Wi-Fi enabled and compatible with Amazon Alexa voice commands, this Smart Portable AC can be controlled from almost anywhere. Use voice commands to power on, change temperature and fan speed settings without moving away from your busy routine. What else? The Smart Digital Thermostat automatically activates the AC based on pre-set room conditions, a 24-hour timer with daily/weekly scheduling function can be pre-set using the Honeywell Air Comfort App, for added convenience and energy savings. Ideal for smaller spaces up to 350 Sq. Ft., the HF8CESVWK5 comes with everything needed including a drain pan, window insulation tape and a filter clean alert so you can keep up with maintenance for maximum cooling performance.

QUIET OPERATION

One of the quietest Portable Air Conditioners in its class, the Compact series creates between 51 to 52 dbA (depending on the BTU and fan speed).

Product Dimensions (in): 16.3 (W) 13.6 (D) 28 (H)
Net Weight: 60.6 lbs

WIRELESS WI-FI CONNECTIVITY

Control your room's environment from almost anywhere

HANDS-FREE VOICE CONTROL

Works with Amazon Echo Devices

WASHABLE DUAL FILTRATION SYSTEM

Helps filter unwanted dust, protects & extends the life of the AC

MORE FEATURES

SMART WI-FI CONNECTIVITY
Compatible with iOS / Android

STAY DRY, DEHUMIDIFY
60 pints/day*

ADJUSTABLE TEMPERATURE
60°F to 90°F

3-in-1

3-IN-1 APPLIANCE
Cooling, Dehumidification, Fan

POWERFUL AIR FLOW
410 m³/hr (241 CFM)

SET IT & FORGET IT
24 hour energy saving timer

ENERGY EFFICIENT PORTABLE COOLING
Cool only the room you need

LOW SOUND LEVEL
52 dBA (Max)

R410A
High Efficiency Compressor

¹ In October 2017, the Department of Energy implemented a new test procedure which takes different factors into account and generates a lower BTU rating of portable air conditioners to indicate capacity. However, the actual capacity has not changed - the difference is simply due to the different test procedure. There have been no internal changes to these units, and the functionality remains the same. Please refer to room size guidelines to find the portable air conditioner that best meets your needs. Please also refer to the Aham website.

The product is tested based on ANSI/ASHRAE Standard 128-2001 and U.S. Department of Energy Standard 10 CFR Pt.430.Subpt.B.App.CC. EL

* All specifications mentioned are under test conditions, actual performance depends on ambient conditions. Specifications may vary in different countries and subject to change without prior notice.
