KitchenAid®

KITCHENAID® SEMI-AUTOMATIC ESPRESSO MACHINE

KES6503

EXCEPTIONAL PERFORMANCE

- RESIDENTIAL FIRST DUAL SMART TEMPERATURE SENSORS that actively communicate with each other throughout the brew process to ensure optimal temperature and an authentic tasting espresso. The fast-heating thermocoil technology heats water up to the ideal brewing temperature in less than 45 seconds. Auto-purge cools down water heater after steaming.
- PRE-INFUSION AND 15-BAR ITALIAN PUMP the low pressure pre-infusion, which slowly and steadily adds water to ground coffee to expand before extraction, and the optimal pressure from the 15-bar Italian pump work together to make a deliciously rich, thick crema.
- DOSAGE SELECTOR allows user to easily prepare one or two espresso shots at the press of a button, and can be programmed to your preferred shot size.
- AUTOMATIC MILK FROTHER ATTACHMENT* AVAILABLE attaches to the KitchenAid® Semi-Automatic Espresso Machine and prepares milk for delicious lattes and cappuccinos.
- THE PERFECT GRIND FOR YOUR PERFECT ESPRESSO add the KitchenAid® Burr Coffee Grinder** to your daily espresso routine, for authentic tasting results.

ENDURING DESIGN

- 58-MM COMMERCIAL-GRADE PORTAFILTER helps maintain optimal heat through extraction. Designed with 2 recessed spouts to enable a flat base for easier, more stable tamping vs. traditional residential espresso portafilters. Includes single-wall baskets for greater control of full-bodied shots, and double-wall pressurized baskets that help reduce extraction variability.
- EASY-TO-CLEAN programmable “Clean Me” indicator

for varying water-hardness levels alerts you when the espresso machine requires a cleaning cycle. Removable drip tray with “Empty Me” notification.

- CUP WARMER on top of the machine preheats your cups while you’re brewing your perfect espresso shot.
