15-pin HD to 3 RCA Breakout Cable

Kramer's computer graphics video to component video breakout cables are constructed from 3 mini coax cables with a 15-pin HD (M) connector at one end and 3 RCA (M or F) connectors at the other. These cables send or receive computer graphics video or component video signals.

FEATURES

- Quality Construction Rugged and high-resolution 3 mini coax cable with molded connectors.
- Numerous Applications Allows Kramer 15-pin HD distribution amplifiers, switchers and scaler switchers to route component video signals.
- Varied Selection of Lengths Male-to-male 3 and 6ft (0.2 to 1.8m), male-to-female 1ft (0.3m).
