LG LED Signage LSAA Series

True Innovation Behind Simplicity

CABLE-LESS DESIGN FOR SIMPLE INSTALLATION

Cable-less LED Assembly Between Modules

The LSAA series is the innovative LED signage applying the wireless transmission technology. For up to UHD resolution with the 16:9 ratio, it does not require a cable connection between the cabinets to supply signal & power. Its block assembly design makes the LSAA series easier to be installed than ever before.

Wireless Data Transfer
& **Cable-less** Power Docking

POWERFUL PICTURE QUALITY

Optimized Image Quality with AI-powered Image Processor

The "Alpha 7 Intelligent Processor" applied to the LSAA series recognizes and analyzes the original content, optimizing the clarity and sharpness of the content for itself.

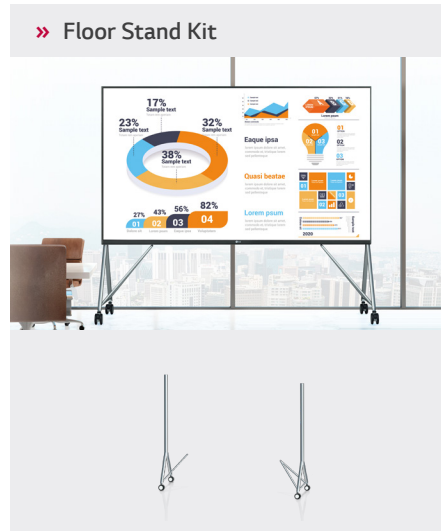

Vivid Color Expression Powered by HDR

With HDR10 and HDR10 Pro* support, content becomes vivid with up to 1.07 billion colors that provide great visual impact. The wider color spectrum and greater contrast ratio allow viewers to fully enjoy live content.

* HDR10 Pro is LG's own HDR solution for processing HDR signal by using enhanced dynamic tone mapping.

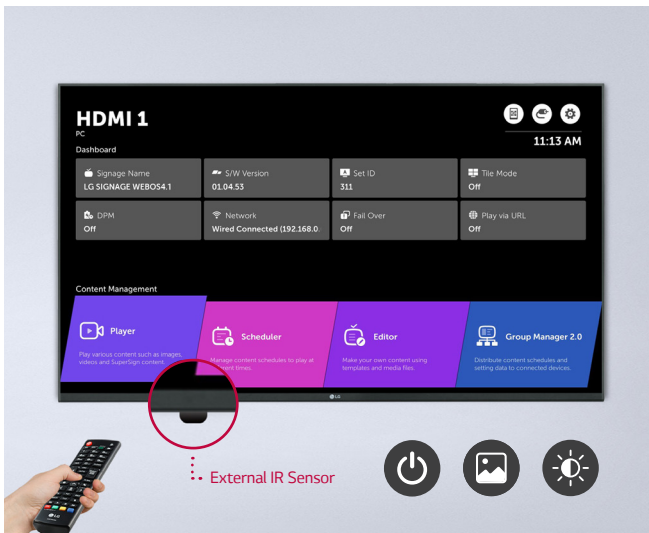

OPTIMUM LED DISPLAY FOR ENTERPRISE USAGE

Dedicated Accessories Available

3 types of accessories are available to easily install the LED screen in 16:9, FHD / UHD resolution.

| Compatibility | P0.9 163" UHD | P1.2 108" FHD | P1.5 136" FHD |
|-----------------|------------------|------------------|------------------|
| Wall Mount Kit | ✓ | ✓ | ✓ |
| Floor Stand Kit | | | ✓ |
| Frame Kit | ✓ | ✓ | ✓ |

The LSAA series allows users to access the settings, such as Picture Mode, volume, etc. by using a remote control instead of having to connect it to a PC. It uses the same UI as LG webOS signage, so users can easily adapt to it.

*The easy-viewing UI menu is available for over 1,280 x 720 resolution screens.

Compatibility with AV Conference Systems

The LSAA series has been certified Crestron Connected® for a high level of compatibility with professional AV controls to achieve integration and network-based control, boosting business management efficiency.

PERFORMANCE AND DURABILITY IN CRITICAL ENVIRONMENTS

EMC Class B Certified

The LG LSAA Series is certified as EMC Class B, which requires electronic equipment made for use in residential environments as well as commercial, industrial, or business environments. Therefore, it is suitable for up-close uses such as corporate meeting rooms, board rooms, etc.

4-in-1 LED Package

Because four RGB pixels are assembled in a single, secure package, there is a reduced exposure to impact damage compared to the single LED package design. This results in enhanced durability in transportation, delivery, installation and operation of the product.

RELIABILITY YOU CAN COUNT ON

Real-time 365 Care Service

Maintenance is easier and faster with the optional Signage365Care* service, a cloud service solution provided by LG service. It remotely manages the status of displays in client workplaces for fault diagnosis and remote-control services, enabling the stable operation of clients' businesses.

* The availability of the "Signage365Care" service differs by region, so please contact the LG sales representative in your region for more details.

Power/Signal Redundancy Support

The LSAA series is designed to support redundancy of signal and power, providing users with security. With an optional embedded back-up power supply unit, customers can assure the continuous operation of the screen without power failure.

* The "Conventional" shown above refers to LED displays which do not support the power/signal redundancy mode.

SPECIFICATIONS

| | | |
|----------------------------|--|---|
| PHYSICAL PARAMETERS | Model | LSAA012MX/SX |
| | Pixel Configuration | 4 in 1 Package |
| | Pixel Pitch (mm) | 1.25 mm |
| | Module Resolution (W x H) | 240 x 90 |
| | Module Dimensions (W x H) | 300 x 112.5 mm |
| | Weight per Module | 0.44 lbs / 0.2 kg |
| | LED Package Manufacturer | Xindec |
| | Number of Modules per Unit Case (W x H) | 2 x 3 |
| | Unit Case Resolution (W x H) | 480 x 270 |
| | Unit Case Dimensions (W x H x D) | 23.6 x 13.3 x 1.8 in / 600 x 337.5 x 44.9 mm |
| | Unit Case Surface Area | 2.19 ft ² / 0.203 m ² |
| | Weight per Unit Case | 15.2 lbs / 6.9 kg |
| | Weight per Unit Area | 7.0 lb/ft ² , 34.1 kg/m ² |
| | Physical Pixel Density | 54,457 pixels/ft ² , 640,000 pixels/m ² |
| | Flatness of Unit Case | ±0.5 mm |
| Unit Case material | Die-cast Aluminum | |
| Service access | Front and Rear | |
| Lead Type | Gold | |
| OPTICAL SPECIFICATIONS | Brightness (After Calibration) | 1,200 nits (Peak) 600 nits (Typ) |
| | Color Temperature | 6,500K / 2,800-10,000K, (Adjustable by LED Assistant on PC) |
| | Visual Viewing Angle (Horizontal) | 160 |
| | Visual Viewing Angle (Vertical) | 140 |
| | Brightness Uniformity | 97% |
| | Color Uniformity | ±0.015Cx,Cy |
| | Contrast Ratio | Peak 9,000:1 / Typ. 5,000:1 |
| | Processing Depth (bit) | 20 (HDR10, HDR10 Pro) |
| ELECTRICAL SPECIFICATIONS | Max Power Consumption per Unit | 106.7 W |
| | Average Power Consumption per Unit | 64.02 W |
| | Max Power Consumption per Unit Area | 526.9 W/ |
| | Max Power Consumption per Unit | 364 BTU |
| | Average Power Consumption per Unit | 218.4 BTU |
| | Max Power Consumption per Unit Area | 1,798 BTU |
| | Power Supply | 100 to 240 V |
| | Frame Rate | 50 / 60 Hz |
| Refresh Rate | 3840 Hz | |
| OPERATION SPECIFICATIONS | Lifetime (Half brightness) | 100000 Hours |
| | Operating Temperature | '32 to 104 °F / 0 to +40 °C |
| | Operating Humidity | 10-80% RH |
| | IP rating Front | IP20 |
| | IP rating Rear | IP20 |
| CERTIFICATIONS & STANDARDS | IEC 60950-1 (Safety) | Yes |
| | FCC Part 15 Class B (EMC) | Yes |
| | RoHS (Environmental) | Yes |
| LED CONTROLLER | Controller Model | CSAA-012X |
| | Loading Capacity | 3840 x 2160 @ 60HZ |
| | Output Resolution | 8.2944 Million Pixels |
| | Input Interface | HDMI 2.0, DP 1.2 |
| | Loop | No |
| | Output Ethernet | 8-channel |
| | Output optical | No |
| | Control Interface | IR(1), RS232C In(1)/Out(1), Ethernet(1), USB(1)" |
| | Cascading | No |
| | Sensor interface | Ambient Light Sensor |
| | HDCP | HDCP 2.2 |
| | Brightness Adjustment | Yes |
| | Chroma Adjustment | Yes |
| | Improved Grayscale at Low Brightness | Yes |
| | Scaling | Yes |
| | HDR | HDR 10 PRO |
| | Content Management | SuperSign CMS |
| | Signage365 Care | Yes |
| | webOS | v4.0 |
| | Configuration Software | LED Assistant |
| | Custom EDID Support | No |
| | Signal Redundancy | Yes |
| Dimensions (W x H x D) | 17.4 x 2.5 x 11.7 in / 443 x 63 x 298 mm | |
| Weight | 9.9 lbs / 4.5 kg | |
| Product Compatibility | LSAA012MX/SX | |
